## YEAR 7 2023 TRIALS

ALBANY  
CREEK  
STATE  
HIGH  
SCHOOL

The Program of Excellence trials are to enable Albany Creek State High School staff to determine the ability level of students in the following core skill areas of football:

- Running with the ball
- Striking the ball
- First touch
- 1 V 1

In addition, the trials also assess the candidates' decision making skills / game sense, in small sided game situations, both in attacking and defending situations.

Trials will be conducted over two sessions with decisions on students' suitability being made by our experienced senior football teachers.

Here at Albany Creek State High School, a major emphasis in our Program of Excellence is the students' attitudes towards learning and, their ability to work together as part of a cohesive group. It is, therefore, imperative that all candidates arrive at the trials with a positive mindset and a willingness to work hard both individually and cooperatively.

While students, wishing to trial, do not have to be playing football to any specific level or be attached to a specific club, it is expected that they do have a proven ability to play football. This can be endorsed by their club coach or school football coach.
