

2025

TAFE at School Course Guide

Greater Brisbane

Welcome

from the CEO

Welcome to TAFE Queensland, the largest and most trusted training provider in the state. For over 140 years we have had the privilege of helping our students change their lives, achieve their career aspirations, and make great happen.

As a member of the TAFE Queensland family, you now have access to opportunities that you may never have thought possible. Today is your first step on your pathway to greatness and we are proud to be with you, every step of the way.

You have made a great choice for your future, one that will have tangible, real-life outcomes. Almost 84 per cent of our graduates go on to work or further study – proof that our experienced teachers and practical learning environments prepare our students with real-world skills.

Whether you are completing an entry-level certificate or a bachelor degree, are starting

your career or taking the next step, you will gain industry-relevant skills to hit the ground running. You will also learn how to be agile in an ever-changing workplace – this is what makes our training so valued by employers.

If you are ever in need, we are here to help. We provide the specialised support, individual attention, industry contacts and state-of-the-art facilities you need to succeed. No matter where you come from or where you want to go, everyone at TAFE Queensland is committed to helping you achieve your goals.

Welcome again. We cannot wait to see how you define your greatness.

John Tucker

Chief Executive Officer
TAFE Queensland

TAFE Queensland acknowledge the Traditional Custodians of Country throughout Australia and respect the continuing connection to land, waters, cultures and family that Aboriginal and Torres Strait Islander peoples uphold. We pay respect to Elders past, present and future. We recognise that teaching and learning has taken place on Country for over 60,000 years and two-way learning is an important part of our reconciliation journey.

Get more out of high school with TAFE at School

If you're a Year 10, 11 or 12 student, you may be able to complete a TAFE Queensland qualification while you're still at school.

Choose from a variety of certificate to diploma courses from a range of study areas from construction to community services, hospitality to health care and everything in between.

i How to apply

To submit an application for a TAFE at School course, visit tafeapply.com

You'll need the application code for the course in the location you want to apply for. This can be found at the back of the guide. You will also need your Learner Unique Identifier (LUI) and Unique Student Identifier (USI) numbers. If you don't have a USI yet, head to usi.gov.au to get one.

Studying at TAFE

Why study at TAFE Queensland?

TAFE Queensland is the largest, most experienced training provider in the state, with a history of serving Queensland's communities for more than 140 years. We offer more than 400 practical, industry-relevant courses from entry-level certificates to bachelor degrees. Our training is delivered to over 126,000 students each year across more than 60 locations in Queensland.

In 2022-23 we trained

126,000 students

Over 550

university pathways are available

Purpose-built facilities

Simulating real-world work environments

We have an

89.5% student satisfaction rating

(and we're working very hard on the other 10.5%)

We have a

92.1% employer satisfaction rating

Every \$1 spent

by TAFE Queensland supports

\$2.55 of added-value

in the Queensland economy

Over 60

locations

Over 85%

of our graduates go on to work or further study*

*TAFE Queensland Annual Report 2022-23

TAFE at School

Benefits of TAFE at School

- Fits around your senior studies.
- Get valuable Queensland Certificate of Education (QCE) credits.*
- May contribute to your Australian Tertiary Admissions Rank (ATAR).**
- Direct entry to any related TAFE Queensland course.**
- Open up a variety of university pathways.
- Gain credits towards an apprenticeship, diploma or university studies.
- Build practical skills in an adult-learning environment.
- Get work ready.

Flexible study options

TAFE Queensland offers flexible study options so you can gain a VET qualification while you're still at school in a way that best suits you.

On campus

TAFE Queensland offers some of the best training facilities in the state, with advanced, industry-standard workspaces and classrooms. All training is delivered in an adult-learning environment, so you'll get a taste of what it's like to study in a higher education setting. You'll also learn from our highly qualified teachers and benefit from their vast experience.

At school

Many Queensland schools have partnered with TAFE Queensland to deliver vocational qualifications. School teachers are given specific training so they are qualified to deliver TAFE Queensland courses. Even if you undertake your training at school, you will still receive a TAFE Queensland qualification when you complete your course.

Industry experience

Some TAFE at School courses require you to complete work placements or, in some instances, to work in the industry. This allows you to build your skills and confidence in dealing with real-life situations. If there is a work placement requirement for your chosen course, we will let you know as part of your enrolment offer.

Taster programs

Year 10, 11 and 12 school students have access to Taster programs, which are funded by the Queensland government. This is unique to TAFE Queensland and offered at no cost. This program allows students to experience a variety of industries by studying one or more units of competency from different industry areas. This is a great way to sample a course before committing to a full certificate in the TAFE at School program.

School-based apprenticeship or traineeship

TAFE Queensland offers school-based apprenticeships and traineeships, which get you work-ready and a step ahead of your peers.

Becoming a school-based apprentice or trainee gives you skills in a vocation or trade and allows you to earn money while you're still at school. A school-based apprenticeship or traineeship also contributes credits towards your Queensland Certificate of Education (QCE).

After selecting the industry you are interested in and talking with your school and parents/guardians, your next step is to secure employment as an apprentice or trainee. An employer can be found through family and friends, by directly contacting employers and group training organisations, or by applying for advertised jobs.

Once you have secured an apprenticeship or traineeship, just let your employer know you want to study with us.

School-based apprentices and trainees do not pay fees for training at TAFE Queensland; this is funded by the Queensland Government; however, you may need to pay some costs for tools and compulsory personal protective equipment, which we will outline upon enrolment. When you become a full-time apprentice or trainee after completing Year 12, you may be eligible for fee-free training for the remainder of your apprenticeship.

For more information about school-based apprenticeships or traineeships, call

1800 210 210 or visit desbt.qld.gov.au/training.

* Eligibility conditions apply. Talk to your VET coordinator or guidance counsellor, or visit our website for more information.

** Additional entry requirements may apply for select courses.

Important information

Term dates 2025

TAFE Queensland term dates align with Queensland school terms to fit with your senior studies.

	QUEENSLAND SCHOOLS		TAFE QUEENSLAND	
TERM 1	START	Tuesday 28 January	START	Monday 3 February
	FINISH	Friday 4 April	FINISH	Friday 4 April
TERM 2	START	Tuesday 22 April	START	Tuesday 22 April
	FINISH	Friday 27 June	FINISH	Friday 27 June
TERM 3	START	Monday 14 July	START	Monday 14 July
	FINISH	Friday 19 September	FINISH	Friday 19 September
TERM 4	START	Tuesday 7 October	START	Tuesday 7 October
	FINISH	Friday 12 December	FINISH	Friday 31 October

Many TAFE at School courses have intakes in Semester 1 and/or Semester 2, so you can start studying at a time that suits you.

By choosing to start your first course in Year 10 in Semester 2, you can often complete two courses by the time you have six months left of school. This frees you up to concentrate on your studies for the rest of Year 12 so you can nail your final assignments and exams. Bonus: you're ready to hit the ground running in finding a job to earn money, support a gap year or university studies, and kick-start your career.

Student support

Everyone's journey is different and sometimes you need some extra support to achieve your study goals.

For TAFE at School students, your regular school support programs are also responsible for ensuring you receive appropriate levels of support while at TAFE. It is expected that if your school normally provides you with a participation assistant or similar for day-to-day learning or personal support, then they also provide this support when you attend your TAFE at School course.

Cost and payment options

Costs vary from course to course, and you can check our website for the most up-to-date prices. You may be eligible for a range of subsidised TAFE at School courses, covered under VET in Schools (VETiS) funding, which is funded by the Queensland Government. The courses advertised as VETiS funded in this guide are only applicable if you have not accessed VETiS funding in the past.

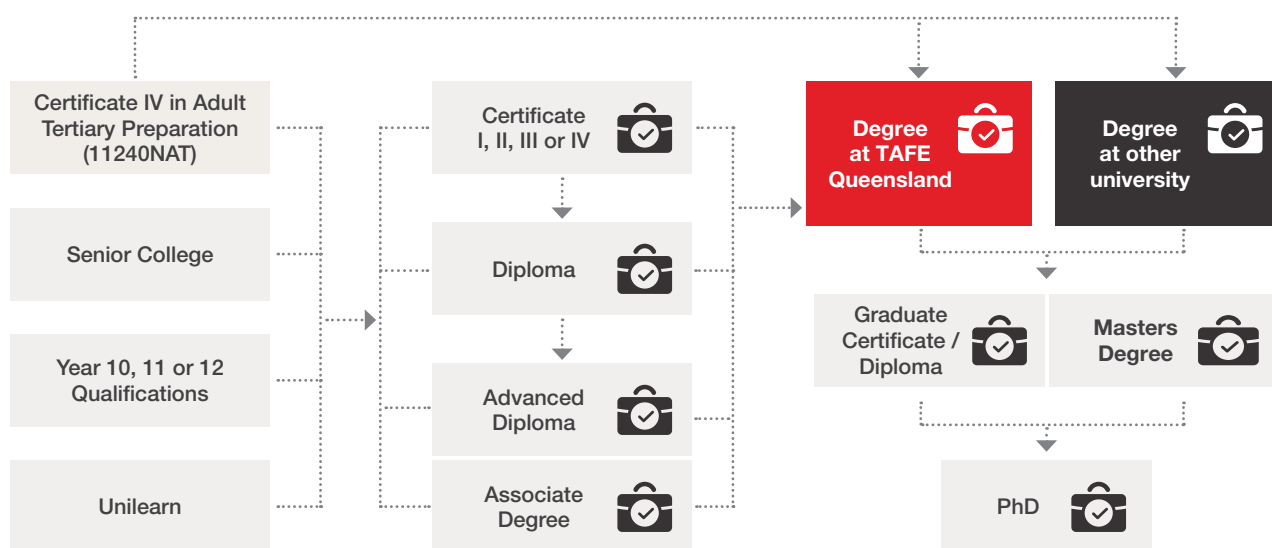

For further information, please refer to desbt.qld.gov.au/training/providers/funded/vetis. Eligible students are entitled to one VETiS funded program only.

Payment plans may also be available to assist with payment of your course; however, if you're under 18, you will need a guarantor.

For information about our withdrawal and refund policy, please visit the TAFE Queensland website: tafeqld.edu.au/policies.

Pathways to your future

TAFE Queensland has a range of pathway options that can get you started on your university degree sooner. If you didn't finish Year 12, complete the required prerequisites, or get the ATAR you needed, TAFE Queensland can help you get into your preferred university degree.

Our partner universities and higher education providers

There's more than one way to get into your dream university degree. TAFE Queensland has a range of pathway options and partners that can get you started on your university degree sooner.

Our locations

No other provider can match TAFE Queensland for scale and location options. With more than 60 locations across the state, we have Queensland covered, no matter where you are.

To view all of our locations, visit tafeqld.edu.au/locations.

Brisbane ●

Our facilities

Step into our purpose-built facilities, where you will learn hands-on using the same tools and equipment used in industry. Put your theory into practice straight away in our clinical labs, salons, training restaurants, creative spaces, and trades workshops. Develop your skills, ability, and confidence and gain the practical experience you need to graduate job-ready.

For more information visit tafeqld.edu.au/facilities.

Getting to campus

Our campuses are accessible by both private and public transport, with full details available on individual campus pages on our website at tafeqld.edu.au/locations.

If you are a full-time student, you may be eligible for a student discount on public transport. For more information or to plan your travel, call **13 12 30** or visit translink.com.au.

Post-school options

Become an apprentice or trainee

Learn hands-on with the same equipment and tools used in industry, combining working for an employer and studying at TAFE Queensland, and graduate with a nationally-recognised qualification.

Applying for an apprenticeship or traineeship is very similar to applying for any other job. You need to have a current resume that lists your education, interests and referees. Studying a TAFE at School pre-apprenticeship course can boost your chances of landing your dream job by demonstrating to a potential employer that you're actively interested in their industry.

The first step is to visit an Apprenticeship Network Provider (ANP) to help connect you with an employer. Once you have secured your apprenticeship, talk to your employer about choosing TAFE Queensland as your training provider. Your employer will sort out the formalities of your training contract directly with TAFE Queensland.

For more information, visit tafeqld.edu.au/apprentices.

Apply for a TAFE Queensland certificate or diploma

After successfully completing a TAFE at School course/s, you may be eligible for direct entry into any related TAFE Queensland diploma.

It's as simple as getting in contact with us and letting us know which course you want to study.

Check out our website to see our full range of courses, from certificates through to diplomas and degrees at tafeqld.edu.au/courses.

Get ready for university

If you need to complete additional prerequisites for university during or after high school, Unilearn is the perfect option. You can study a range of subjects from maths and science to senior English.

With the ability to study online and after hours, you can easily add a Unilearn subject or two to your senior schooling years. Unilearn subjects can also provide additional Queensland Certificate of Education (QCE) credit points.

Alternatively, if you want to increase your tertiary admissions rank, our Adult Tertiary Preparation (ATP) course can help you achieve your goals.

For more information, visit tafeqld.edu.au/atp.

Go to university

There's more than one way to get into your dream university course. Successfully completing a diploma at TAFE Queensland can help secure you a place in a bachelor degree through our partnerships with local universities.

In many cases, you can enter your university degree straight into the second year, meaning you will receive a diploma and a degree in the same amount of time it usually takes to complete a degree on its own.

Many of our diploma courses have formal articulation arrangements with some of Australia's top universities.

This means your university may also give you credit for your study at TAFE Queensland, shaving time off your degree and allowing you to start your career sooner.

For more information, visit tafeqld.edu.au/pathways.

Information for schools

Designed to deliver practical, workplace-specific skills and knowledge, VET covers a wide range of careers and industries. If your students are looking for an alternative pathway to post-school study, something other than the traditional classroom, or if they're tactile learners, VET may be where they will really shine.

How TAFE Queensland can help

With more than 500 nationally-recognised qualifications from entry-level certificates to bachelor degrees, studying at TAFE Queensland gives your students access to multiple pathways to get a head start on their careers.

They will learn in industry-standard facilities and be able to take advantage of a wide range of university pathway options, and so much more.

For more information, visit tafeqld.edu.au/advisors.

Partnership with Schools program

TAFE Queensland's Partnership with Schools program means school teachers can deliver training to their students at their own school. TAFE Queensland provides the school with mentor support, learning and assessment resources, and advice on training delivery and student assessment to ensure the delivery of the highest standard of industry-relevant training.

Even though students are completing their training at school, they are enrolled with TAFE Queensland and are issued with a TAFE Queensland qualification on completion of their studies.

To discuss a customised partnership arrangement for your school, please contact your local TAFE at School team.

Training for school teachers

TAFE Queensland offers low-cost training for school teachers with relevant industry experience so they can deliver VET programs at their school.

Teachers can train in certificate I and II courses relevant to the delivery of TAFE at School courses, as well as higher-level qualifications for teachers who want to broaden their skills.

Teachers with existing industry-related experience may be eligible for Recognition of Prior Learning (RPL) to earn a full or partial qualification, with gap training available.

IVET online portal

TAFE Queensland has partnered with IVET to deliver greater timetable and delivery flexibility for teachers. IVET provides an online portal that enables teachers to have instant access to student progress, course information, digital resources, classroom management, PD logging, compliance, teacher qualification management, and more.

IVET currently facilitates a selection of TAFE at School courses across a range of study areas, and more will be added as development continues.

Teacher Aide training

TAFE Queensland also provides nationally-recognised training for teacher aides. Our strong relationships with schools mean we can provide opportunities for your staff to gain knowledge and skills across a various workplace settings.

For more information, visit tafeqld.edu.au/education-support or contact us today.

Information for parents and guardians

It's tough being a teenager in their final years of school, trying to decide what to do with the rest of their lives. The pressure's on as early as Year 10 and it feels like results and choices will make or break their future.

It can be tough for parents and guardians too. Knowing when to intervene or when to take a step back seems impossible at times. But your behind-the-scenes role is crucial to their success.

About vocational education and training

University is not for everyone. Vocational training is not for everyone. Education is for everyone.

Most careers need some form of education and training. But they don't all require a university degree. There are a variety of reasons your child or students should consider vocational education and training (VET). Perhaps they want to enter a trade, test out an industry, gain Queensland Certificate of Education (QCE) credits, or maybe they just need to improve or contribute towards their Australian Tertiary Admission Rank (ATAR).

Why TAFE Queensland

Not everyone learns in the same way or at the same pace. At TAFE Queensland, there are as many options as there are individuals with pathway options to suit your child's needs and help them kick start their career.

For more information, visit tafeqld.edu.au/parents.

Parents' guide

Subscribe today to get your free Parents' guide to surviving senior schooling and beyond. go.tafeqld.edu.au/parents-guide

Busting VET myths

The 2017 Perceptions are Not Reality report from Skills Australia debunked some of the most common misconceptions about vocational education and training in Australia.

MYTH: Almost 30 per cent of Australians believe that university graduates find work more easily than VET graduates.

FACT: VET graduates have a higher employment rate than university graduates. The average employment rate of a VET graduate is 78 per cent (it's 69 per cent for university graduates).

MYTH: One in five Australians believe that VET graduates earn less than university graduates.

FACT: The average VET graduate actually earns similar wages to, if not more than, an average university graduate.

MYTH: Three in five Australians believe we need a university education more than VET to thrive in a globally competitive world. Almost half of those people think VET is no longer as relevant as a university education.

FACT: VET aims to provide the skills we need to keep up with our quickly changing employment and industry trends. Additionally, VET provides courses for nine out of 10 occupations predicted to have the greatest growth of new jobs over the next five years.

ATAR

This program may contribute to your ATAR eligibility upon successful completion of the certificate III qualification

Develop a broad range of practical IT skills and discover your specialist interests. By covering introductory concepts in networking, cloud and cyber, a small web technologies project, and the basics of programming in C#, you'll have many practical skills to launch an IT career.

Industry tells us that soft skills are necessary for this field, so this course also covers critical thinking and teamwork. This course is a great first step into information technology.

Certificate III in Information Technology

FOUNDATION

COURSE CODE: ICT30120

CORE UNITS

BSBCRT301	Develop and extend critical and creative thinking skills
ICTICT313	Identify IP, ethics and privacy policies in ICT environments
ICTSAS305	Provide ICT advice to clients
ICTPRG302	Apply introductory programming techniques
BSBXTW301	Work in a team
BSBXCS303	Securely manage personally identifiable information and workplace information

ELECTIVE UNITS

ICTWEB304	Build simple web pages
ICTWEB305	Produce digital images for the web
ICTWEB431	Create and style simple markup language documents
ICTNWK311	Install and test network protocols
ICTSAS310	Install, configure, and secure a small office or home office network
ICTCLD301	Evaluate characteristics of cloud computing solutions and services

PATHWAY OPTIONS

PATHWAY OPTIONS	CAREER OUTCOMES

ATAR

This program may contribute to your ATAR eligibility upon successful completion of the certificate III qualification

This course covers several core skills, including planning, implementing, and evaluating educational early childhood programs, supporting healthy meal times for children, and fostering individual development.

Students will also learn how to comply with legal and industry requirements. Our highly experienced team of industry professionals will provide one-on-one guidance in simulated working environments to give you the foundations you need to enter the sector.

Students are required to undertake a minimum of 160 hours of Vocational Placement in a regulated Early Childhood Education and Care service to complete this course.

*Electives may differ, subject to TAFE Queensland training package review in 2024.

Environment and animal services

Our practical courses will allow your skills to bloom and qualify you to work across a wide range of jobs in agriculture or animal care. Learn while enjoying the outdoors and watch your work come to life. Or turn your love for animals into a career.

Certificate II in Animal Care

COURSE CODE: ACM20121

✔ VETIS FUNDED*

CORE UNITS	
ACMGEN201	Work in the animal care industry
BSBCMM211	Apply communication skills
ACMGEN202	Complete animal care hygiene routines
ACMGEN203	Feed and water animals
ACMGEN204	Assist in health care of animals
ACMSUS201	Participate in environmentally sustainable work practices
ACMWHS201	Participate in workplace health and safety processes

ELECTIVE UNITS	
ACMGEN205	Source and provide information for animal care needs
ACMBEH302	Provide enrichment for animals
ACMGEN309	Provide basic animal first aid
ACMSPE314	Provide general care of birds
ACMSPE320	Provide general care of mammals

*Students will be required to cover the cost of the uniform for this course.

PATHWAY OPTIONS

PATHWAY OPTIONS	CAREER OUTCOMES
• Certificate II in Animal Care ACM20121	Assistant dog groomer, animal shelter attendant, veterinary assistant, pet shop salesperson
• Certificate III in Animal Care Services ACM30122	Animal attendant, vet nursing assistant, pet groomer, doggie day care assistant, dog training, kennel or shelter attendant
• Certificate III in Wildlife and Exhibited Animal Care ACM30321	Wildlife ranger, zookeeper, assistant keeper, animal care attendant, wildlife animal care
• Certificate IV in Veterinary Nursing ACM40418	Veterinary nurse

QCE CREDITS

Up to 4 credits

TAFE Queensland and Metro South Hospital and Health Service are excited to offer eligible Year 11 and 12 students the opportunity to study a Certificate II in Health Support Services (HLT23221) at the Princess Alexandra Hospital while still in high school.

This course allows you to gain skills in various healthcare operations, including food services assistant, wards-person (transporting patients), and environmental services officer (housekeeping). Your classroom will be in a real hospital setting. Learning and working in a hospital environment under an experienced mentor will not only equip you with practical skills but also provide real industry experience.

Successful completion of this course will qualify you to work as an Assistant in Nursing (AIN). It will also give you the foundation knowledge needed for further studies in this field.

In this course, students will develop the skills and knowledge required to assist in conducting sessions in a range of aquatic and recreational environments.

This exciting, hands-on course allows students to become competent in performing outdoor recreation activities such as paddling, sailing, navigation and operating a power boat. Students also have the opportunity to gain their boat license. The activities also develop planning and communication, teamwork, self-management, problem-solving and initiative skills. The practical components of this program will be trained and assessed at the TAFE Queensland Wellington Point Boat Shed facility.

Our passionate, industry-experienced teachers will give students the support and guidance they need to succeed.

ACADEMY OF SPORT

TAFE AT SCHOOL PROGRAM

Learn in an active sporting environment

Taught by sporting experts

Develop your skills and lead practice sessions

Meet top-level athletes and club reps

Connect with athletes from other schools

Advance your coaching skills

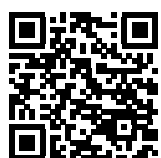

Conduct athlete testing

Track and achieve your goals

The Academy of Sport TAFE at School program promotes excellence by equipping senior high school sports enthusiasts with the right tools to pursue success in and outside the sporting arena. Various sporting codes and locations are available in 2025, with students undertaking regular practical sessions, guest speaker workshops and building athlete development knowledge throughout the program. Sessions are split between theory and hands-on delivery to advance the learning experience.

This innovative program partners with peak Queensland sporting clubs and bodies, allowing students to develop the skills and knowledge in a sport-specific learning environment one (1) day per week. Providing them with a valuable behind-the-scenes experience they would not get anywhere else.

ATAR
This program may contribute to your ATAR eligibility upon successful completion of the certificate III qualification

Our Academy of Sport TAFE at School program offers students a new and immersive learning experience in the Queensland sports industry.

Students will attend study at a nominated sport-specific location one (1) day per week in place of a regular school day. Build your sporting skills and knowledge while getting backstage at one of our partnered Queensland sporting clubs or bodies.

Kick-start your sports career with this practical dual qualification and get the skills you need to conduct coaching sessions in community-based sports clubs and organisations.

*This course is partly VETiS funded for eligible students. Go to tafeqld.edu.au for details.

Remedial Massage Foundation Program

STUDY CONTRIBUTES TO

HLT52021 DIPLOMA OF REMEDIAL MASSAGE

This is an introductory program to remedial massage and units completed will provide credit towards the Diploma of Remedial Massage (HLT52021).

CORE UNITS

BSBESB401	Research and develop business plans
CHCCOM006	Establish and manage client relationships
CHCDIV001	Work with diverse people
HLTAAP002	Confirm physical health status
HLTAAP003	Analyse and respond to client health information
HLTMSG016	Apply principles of pain neuroscience

ELECTIVE UNIT

BSBESB404	Market new business ventures
HLTAID011	Provide First Aid

**Please note that uniforms are a requirement of this course and fees will apply.*

**Students completing diploma foundation programs may also be able to access VET Student Loans (VSL), subject to academic eligibility, citizenship and Tax File Number (TFN) requirements.*

PATHWAY OPTIONS

- Successful completion will allow direct entry into the Diploma of Remedial Massage (HLT52021) mainstream program in the year immediately following completion of Year 12
- Diploma of Remedial Massage HLT52021

CAREER OUTCOMES

Remedial massage therapist, shiatsu therapist, TCM remedial massage therapist

CAMPUS
Ipswich, Springfield

DURATION
4 terms

STUDY MODE
Face-to-face

WORKLOAD
1 day per week

YEAR LEVEL
11 and 12

QCE CREDITS
Up to 8 credits

Gain the advanced skills to adapt remedial massage treatments to meet the unique needs of your clients and implement injury prevention strategies and injury-specific home care. Other training modalities will include lymphatic drainage, joint mobilisation, trigger point therapies and Deep tissue massage.

Successful completion of this course will qualify you to work as a remedial massage therapist and give you the skills to pursue other specialised therapies. Whether you're considering further study in myotherapy, exercise science, occupational therapy, physiotherapy, or health science, this course will provide a solid foundation for your future career.

This course provides credit for units towards the Diploma of Remedial Massage (HLT52021).

Infrastructure and transport

Infrastructure and transport are booming across the state, country and globe, opening the door for the next generation to create exciting careers in the industry.

Take to the skies with a career in aviation. Opportunities exist for qualified aeroplane and helicopter pilots in a number of settings including aerial photography, adventure tourism, agriculture, emergency services, journalism, and transport.

Certificate II in Autonomous Technologies

COURSE CODE: 10935NAT

VETIS FUNDED*

CORE UNITS

NAT10935001	Work effectively in autonomous environments
NAT10935002	Handle technical communication in autonomous environments
NAT10935003	Design basic fluid power logic diagrams for autonomous systems
NAT10935004	Design basic logic ladder diagrams for autonomous electric control circuits
NAT10935005	Produce a documentation suite for autonomous systems
NAT10935006	Configure autonomous embedded systems
NAT10935007	Prepare basic programs for programmable logic controllers (PLCs) for autonomous applications
NAT10935008	Use basic positioning technology
NAT10935009	Conduct a basic autonomous technology project
VU22338	Configure and program a basic robotic system
MSMWS200	Work safely
ICTPRG302	Apply introductory programming techniques
MSMSUP390	Use structured problem-solving tools
ICTSAS309	Maintain and repair ICT equipment and software
VU22825	Perform basic computer system and network maintenance and upgrades
RIIRIS201E	Conduct local risk control
ICTTEN205	Build and maintain a secure network
ICTSAS312	Provide basic system administration

ELECTIVE UNITS

ICTNWK308	Determine and action network problems
MSMWS201	Conduct hazard analysis

QCE CREDITS
Up to 4 credits

ENTRY REQUIREMENTS
Year 9 Mathematics and English (with minimum C grade or higher)

This course is an entry-level qualification covering the basic skills for a future career in various fields, including electronic design, programming, or industrial design. You will learn a wide range of skills in software, hardware and supporting frameworks for autonomous environments. This course will provide students with the foundational knowledge to pursue further study in aeronautical engineering and other careers in the Aviation industry.

This course is delivered by Aviation Australia (RTO 30770) at their Brisbane campus located at the Brisbane Airport. All Aviation Australia programs are designed with a balanced focus on knowledge, skills, values and experience, ensuring that graduates enter employment with strong skills and a thorough understanding of aviation quality, safety and environmental standards.

*No cost to student or school. Subsidised by the Queensland Government under the VET in Schools Program (VETIS). For eligibility go to www.training.qld.gov.au/providers/funded/vetis.

WORKLOAD

1.5 days per fortnight

YEAR LEVEL

10, 11 and 12

QCE CREDITS

Up to 6 credits

ENTRY REQUIREMENTS

Year 9 Mathematics and English (with minimum C grade or higher)

In this course, students will experience real-life job tasks in workplace scenarios under the guidance of experienced unmanned pilots. These scenarios will take the student from initial flight and risk management planning to flying the task and reviewing the quality of their work after landing.

This course introduces aerial photography and mapping techniques, which an ordinary remote pilot course doesn't cover. There is also a strong focus on developing the student's non-technical skills, such as communication, teamwork, decision making and situational awareness. In addition to the Certificate III in Aviation (Remote Pilot) (AVI30419) vocational qualification, students will be offered the opportunity to gain their Civil Aviation Safety Authority (CASA) licences – the Remote Pilot Licence (RePL) and Aeronautical Radio Operator Certificate (AROC)*

This course is delivered by Aviation Australia (RTO 30770) at their Brisbane campus located at the Brisbane Airport. All Aviation Australia programs are designed with a balanced focus on knowledge, skills, values and experience, ensuring that graduates enter employment with strong skills and a thorough understanding of aviation quality, safety and environmental standards.

Certificate III in Aviation (Remote Pilot)

COURSE CODE: AVI30419

✔ VETIS FUNDED*

CORE UNITS

AVIF0021	Manage human factors in remote pilot aircraft systems operations
AVIH0006	Navigate remote pilot aircraft systems
AVIW0004	Perform operational inspections on remote operated systems
AVIW0028	Operate and manage remote pilot aircraft systems
AVIY0023	Launch, control and recover a remotely piloted aircraft
AVIY0031	Apply the principles of air law to remote pilot aircraft systems operations
AVIY0052	Control remote pilot aircraft systems on the ground
AVIY0053	Manage remote pilot aircraft systems energy source requirements
AVIZ0005	Apply situational awareness in remote pilot aircraft systems operations

ELECTIVE UNITS

AVIE0003	Operate aeronautical radio
AVIG0003	Work effectively in the aviation industry
AVIY0027	Operate multi-rotor remote pilot aircraft systems
AVIW0006	Perform infrastructure inspections using remote operated systems
AVIW0007	Perform aerial mapping and modelling using remote pilot aircraft systems

* Students will need to bring their own laptop and 32GB USB.

* Aeronautical Radio Operator Certificate (AROC) is a CASA requirement to use aviation VHF radios, which are needed when flying near aerodromes and helipads (will be issued when a student is 17 years of age, subject to CASA approval).

PATHWAY OPTIONS

- Certificate III in Aviation (Remote Pilot) AVI30419
- Remote Pilot Licence (RePL)
- Aeronautical Radio Operator Certificate (AROC)

CAREER OUTCOMES

Inspection, monitoring, photography and filming, design and engineering, aerial mapping, agriculture, disaster management

A CASA requirement to use aviation VHF radios, which are needed when flying near aerodromes and helipads

*No cost to student or school. Subsidised by the Queensland Government under the VET in Schools Program (VETIS). For eligibility go to www.training.qld.gov.au/providers/funded/vetis.

Certificate II in Aircraft Line Maintenance

COURSE CODE: MEA20518

VETIS FUNDED*

CORE UNITS	
MEA107	Interpret and use aviation maintenance industry manuals and specifications
MEA117	Apply self in the aviation maintenance environment
MEA119	Perform administrative processes to prepare for certification of civil aircraft A level line maintenance
MEA154	Apply work health and safety practices in aviation maintenance
MEA155	Plan and organise aviation maintenance work activities
MEA156	Apply quality standards during aviation maintenance activities
MEA157	Complete aviation maintenance industry documentation
MEA158	Perform basic hand skills, standard trade practices and fundamentals in aviation maintenance
MEA264	Remove and install aircraft electrical/avionic components during line maintenance
MEA265	Remove and install general aircraft electrical hardware
MEA295	Use electrical test equipment to perform basic electrical tests on aircraft components
MEA344	Remove and install aircraft components
MEA418	Perform basic repair of aircraft internal fittings during line maintenance
MSMENV272	Participate in environmentally sustainable work practices

ELECTIVE UNITS	
MEA345	Perform scheduled line maintenance activities on gas turbine engine fixed wing aircraft

PATHWAY OPTIONS

- Certificate II in Aircraft Line Maintenance MEA20518
- Apprenticeship

CAREER OUTCOMES

Perform a range of specified maintenance tasks on aircraft

Aircraft Maintenance Engineer (AME), Licenced Aircraft Maintenance Engineer (LAME)

CAMPUS
Brisbane Airport

DURATION
4 terms
(18 months)

STUDY MODE
Face-to-face

WORKLOAD
1 day per week

YEAR LEVEL
10 and 11

QCE CREDITS
Up to 4 credits

ENTRY REQUIREMENTS

Latest school report card, Queensland residency (at the time of enrolment) and Australian or New Zealand citizenship or permanent residency

The Certificate II in Aircraft Line Maintenance (MEA20518) provides the basic level knowledge and skills required to perform a range of specified maintenance tasks on aircraft on a flight line or at the departure gate. After finishing the course, students will be well prepared for further study or vocational training, including aircraft maintenance engineering.

This course is delivered by Aviation Australia (RTO 30770) at their Brisbane campus located at the Brisbane Airport. All Aviation Australia programs are designed with a balanced focus on knowledge, skills, values and experience, ensuring that graduates enter employment with strong skills and a thorough understanding of aviation quality, safety and environmental standards.

*No cost to student or school. Subsidised by the Queensland Government under the VET in Schools Program (VETIS). For eligibility go to www.training.qld.gov.au/providers/funded/vetis.

AEROSCIENCE AVIATION THEORY COURSE

**Your path to an exciting
career in aviation**

TAFE Queensland has partnered with CBT Systems Pty Ltd to bring the Aeroscience Aviation Theory course to Australian students. Set yourself apart from the crowd and gain the specialised knowledge required to excel in an aviation tertiary-level course or to gain your Private Pilot Licence (PPL) with the Civil Aviation Safety Authority (CASA).

Delivered entirely online, this non-accredited course is two (2) modules, each with four (4) subjects comprised of easy-to-follow videos and quizzes. Gain the knowledge you need to pursue careers in aviation such as a pilot, aeronautical engineer, air traffic controller, and many more.

NONAC03203

Aeroscience Aviation Theory 1

Subject name

Aerodynamics

General aeronautical knowledge

Human factors

Meteorology

NONAC03204

Aeroscience Aviation Theory 2

Subject name

Air law

Flight radio

Air navigation

Air operations performance and planning

* Students must successfully complete Module 1 before enrolling in Module 2.

Trades

Develop the practical skills to work across a wide range of trade areas and specialisations including automotive, building and construction, electrotechnology, engineering and design.

No matter what qualification you choose, at TAFE Queensland you will learn from experienced teachers using industry-standard equipment and technology in our purpose-built facilities.

Certificate II in Automotive Electrical Technology

LIGHT VEHICLE

COURSE CODE: AUR20420

VETIS FUNDED*

CORE UNITS

AURAEA002	Follow environmental and sustainability best practice in an automotive workplace
AURASA102	Follow safe working practices in an automotive workplace
AURETK002	Use and maintain electrical test equipment in an automotive workplace
AURETR006	Solder electrical wiring and circuits
AURETR007	Apply knowledge of automotive electrical circuits and wiring systems
AURETR008	Remove and replace electrical units and assemblies
AURETR009	Install vehicle lighting and wiring systems
AURETR011	Install basic ancillary electrical systems and components
AURETR112	Test and repair basic electrical circuits
AURETR115	Inspect, test and service batteries

ELECTIVE UNITS

AURETK001	Identify, select and use low voltage electrical test equipment
AURETR010	Repair wiring harnesses and looms (Ipswich only)
AURETR013	Inspect, test and service charging systems
AURETR014	Inspect, test and service starting systems
AURETR116	Read and apply vehicle wiring schematics and drawings (Ipswich only)
AURAF103	Communicate effectively in an automotive workplace (Ipswich only)
AURTTA104	Carry out servicing operations
AURTTJ011	Balance wheels and tyres
AURTTK001	Use and maintain measuring equipment in an automotive workplace
AURTTK102	Use and maintain tools and equipment in an automotive workplace
AURTTE104	Inspect and service engines
AURLTA101	Identify automotive mechanical systems and components

*Electives may vary between locations. Students need to complete 6 elective units from the list above.

PATHWAY OPTIONS

- Certificate II in Automotive Vocational Preparation AUR20720
- Certificate II in Automotive Electrical Technology AUR20420

CAREER OUTCOMES

Automotive electrical trainee/assistant accessory fitter, automotive electrical component installer

(May be completed as a TAFE at School program or traineeship)

APPRENTICESHIPS

• Certificate III in Automotive Diesel Engine Technology AUR31520	Automotive electrician, automotive air-conditioning fitter, automotive electrical fitter, automotive manufacturing technician, automotive mechanic, automotive parts interpreter, diesel fitter
• Certificate III in Automotive Electrical Technology AUR30320	
• Certificate III in Automotive Engine Reconditioning AUR31316	
• Certificate III in Automotive Manufacturing Technical Operations – Bus, Truck and Trailer AUM30218	
• Certificate III in Heavy Commercial Vehicle Mechanical Technology AUR31120	
• Certificate III in Light Vehicle Mechanical Technology AUR30620	

CAMPUS
Acacia Ridge, Alexandra Hills,
Ipswich

DURATION
4 terms

STUDY MODE
Face-to-face

WORKLOAD
1 day per week

YEAR LEVEL
10 Ipswich
11, 12 All locations

QCE CREDITS
Up to 4 credits

Learn the skills to perform a range of tasks related to the service and repair of electrical and mechanical systems in light or heavy vehicles. Gain hands-on experience in the servicing of engines, building and soldering electric circuits, balancing wheels and tyres, installing electrical accessories and performing other electrical and mechanical tasks.

This course will equip you with skills to enter an apprenticeship in either automotive mechanical or automotive electrical.

*No cost to student or school. Subsidised by the Queensland Government under the VET in Schools Program (VETIS). For eligibility go to www.training.qld.gov.au/providers/funded/vetis.

CAMPUS

Acacia Ridge - Heavy
Bracken Ridge - Light and Heavy
Ipswich and WestEC - Light

DURATION

4 terms

STUDY MODE

Face-to-face

WORKLOAD

1 day per week

YEAR LEVEL

10 Ipswich, WestEC
11, 12 all locations

QCE CREDITS

Up to 4 credits

In this course, you will become familiar with electrical and mechanical components and systems. Learn how to use appropriate tools and equipment to complete basic removal, inspection and refitting of automotive components.

Certificate II in Automotive Vocational Preparation

LIGHT AND HEAVY VEHICLE

COURSE CODE: AUR20720

☑ VETIS FUNDED*

CORE UNITS

AURAEA002	Follow environmental and sustainability best practice in an automotive workplace
AURAF103	Communicate effectively in an automotive workplace
AURAF104	Resolve routine problems in an automotive workplace
AURASA102	Follow safe working practices in an automotive workplace
AURETR103	Identify automotive electrical systems and components
AURLTA101	Identify automotive mechanical systems and components
AURTTK102	Use and maintain tools and equipment in an automotive workplace

ELECTIVE UNITS (LIGHT)

AURETR006	Solder electrical wiring and circuits (Ipswich, WestEC)
AURETR115	Inspect, test and service batteries
AURTTA105	Select and use bearings, seals, gaskets, sealants and adhesives
AURTTA104	Inspect and service engines (Acacia Ridge, Bracken Ridge)
AURTTA127	Carry out basic vehicle servicing operations
AURTTJ011	Balance wheels and tyres

ELECTIVE UNITS (HEAVY)

AURETK003	Operate electrical test equipment
AURETR115	Inspect, test and service batteries
AURHTJ001	Inspect heavy commercial vehicle wheels and tyres
AURHTQ001	Inspect heavy commercial vehicle driveline components
AURTTA127	Carry out basic vehicle servicing operations

*Electives may vary between locations. Students need to complete 5 elective units from the list above.

PATHWAY OPTIONS

- Certificate II in Automotive Vocational Preparation AUR20720

CAREER OUTCOMES

Automotive trade assistant,
vehicle service assistant

APPRENTICESHIPS

- Certificate III in Automotive Diesel Engine Technology AUR31520
- Certificate III in Automotive Electrical Technology AUR30320
- Certificate III in Automotive Manufacturing Technical Operations – Bus, Truck and Trailer AUM30218
- Certificate III in Heavy Commercial Vehicle Mechanical Technology AUR31120
- Certificate III in Light Vehicle Mechanical Technology AUR30620

Automotive electrician,
automotive air-conditioning fitter,
automotive manufacturing technician,
automotive mechanic,
automotive parts interpreter,
diesel fitter, vehicle body builder

11 and 12

QCE CREDITS

Up to 4 credits

Increase your prospects for a career in the plumbing industry with this pre-apprenticeship. With a strong focus on safe plumbing practices, you will learn how to operate hand and power tools, read plans and perform basic welding and plumbing installation techniques. You will also receive training for your General Safety Induction (White Card), which is an industry requirement to work on a construction site in Queensland.

Students will be required to do a compulsory 80 hours Vocational Placement during school holidays.

Certificate II in Plumbing Services

COURSE CODE: 11054NAT

☑ VETIS FUNDED*

CORE UNITS

CPCCOM1012	Work effectively and sustainably in the construction industry
CPCCOM1013	Plan and organise work
CPCCCM2008	Erect and dismantle restricted height scaffolding
CPCCCM2012	Work safely at heights
CPCWHS1001	Prepare to work safely in the construction industry
CPCWHS2001	Apply WHS requirements, policies and procedures in the construction industry
CPCPCM2039	Carry out interactive workplace communication
CPCPCM2041	Work effectively in the plumbing services sector
CPCPCM2043	Carry out WHS requirements
CPCPCM2045	Handle and store plumbing materials
CPCPCM2046	Use plumbing hand and power tools
CPCPCM2047	Carry out levelling
CPCPCM2048	Cut and join sheet metal
CPCPCM2055	Work safely on roofs
CPCCOM1015	Carry out measurements and calculations
ASBAWA201	Practice asbestos awareness in the construction industry
HLTAID011	Provide First Aid

ELECTIVE UNITS

CPCPCM2054	Carry out simple concreting and rendering under it
------------	--

PATHWAY OPTIONS

- Certificate II in Plumbing Services 11054NAT

CAREER OUTCOMES

Trade assistant/worker
in plumbing industry

APPRENTICESHIPS

<ul style="list-style-type: none"> • Certificate III in Plumbing CPC32420 • Certificate III in Roof Plumbing CPC32620 • Certificate III in Gas Fitting CPC32720 	Plumber, roof plumber, gas fitter, plumber (mechanical)

YEAR LEVEL

11 and 12

QCE CREDITS

Up to 4 credits

Learn how to safely solve problems in extra-low voltage DC circuits, identify and select materials for work activities, use equipment/ plant/technologies, and dismantle, assemble and fabricate electrotechnology components.

This course covers a General Safety Induction course (White Card) – an industry requirement to work on Queensland construction sites and all units needed for Stage 1A of an electrical apprenticeship. It is recommended that students undertake a minimum of General Mathematics at school.

Certificate II in Electrotechnology (Career Start)

COURSE CODE: UEE22020

VETIS FUNDED*

CORE UNITS

CPCWHS1001	Prepare to work safely in the construction industry
UEERE0021	Provide basic sustainable energy solutions for energy reduction in residential premises
UEECD0007	Apply work health and safety regulations, codes and practices in the workplace
UEECD0046	Solve problems in single path circuits
UEECD0052	Use routine equipment/plant/technologies in an energy sector environment
UEECD0009	Carry out routine work activities in an energy sector environment
UEECD0038	Provide solutions and report on routine electrotechnology problems
UEECD0021	Identify and select components, accessories and materials for energy sector work activities

ELECTIVE UNITS

UEECD0008	Carry out preparatory energy sector work activities
UEECD0035	Provide basic instruction in the use of electrotechnology apparatus
UEECD0019	Fabricate, assemble and dismantle utilities industry components
UEECD0020	Fix and secure electrotechnology equipment

PATHWAY OPTIONS

ATAR

This program may contribute to your ATAR eligibility upon successful completion of the certificate III qualification

This program is designed to give students an introduction to the manufacturing and engineering industry.

Students will gain skills and knowledge in the areas of 2D and 3D detail drawings, AS1100 drawing standards and bills of material, print (paper and 3D), plot and email data and manage CAD (Computer-Aided Design) symbol libraries.

Certificate III in Engineering - Technical COMPUTER AIDED DRAFTING

COURSE CODE: MEM30522

CORE UNITS

MEM16006	Organise and communicate information
MEM16008	Interact with computing technology
MEM30012	Apply mathematical techniques in a manufacturing engineering or related environment

ELECTIVE UNITS

MEM09229	Read and interpret technical engineering drawings
MEM13015	Work safely and effectively in manufacturing and engineering
MEM09202	Produce freehand sketches
MEM12023	Perform engineering measurements (Ipswich)
MEM30031	Operate computer-aided design (CAD) system to produce basic drawing elements
MEM30032	Produce basic engineering drawings
MEM30033	Use computer-aided design (CAD) to create and display 3-D models
MEM12024	Perform computations

**Electives will vary between locations. Students need to undertake 7 electives.*

PATHWAY OPTIONS

- Certificate III in Engineering - Technical (Computer Aided Drafting) MEM30522
- Certificate IV in Engineering MEM40119
- Certificate IV in Engineering Drafting MEM40422
- Diploma of Engineering – Technical MEM50222

CAREER OUTCOMES

- Engineering tradesperson
- Higher engineering tradesperson, special class tradesperson, draftsman
- Senior draftsman, advanced engineering tradesperson

UNIVERSITY PATHWAYS

- Associate Degree in Civil Engineering HED001 – TAFE Queensland
- Bachelor of Engineering Science – University of Southern Queensland
- Bachelor of Engineering (Honours) – Queensland University of Technology
- Bachelor of Engineering (Honours) – Griffith University

Certificate II in Manufacturing Technology

COURSE CODE: MSM20216

✔ VETIS FUNDED*

CORE UNITS

MSMENV272	Participate in environmentally sustainable work practices
MSMWHS200	Work safely
MSS402001	Apply competitive systems and practices
MSS402051	Apply quality standards
MSS402080	Undertake root cause analysis

ELECTIVE UNITS

MSS402002	Sustain process improvements
MSMPCII295	Operate manufacturing equipment
MSMPCII296	Make a small furniture item from timber
MSMPCII298	Make an object from metal

CAMPUS
Ipswich, WestTEC

DURATION
4 terms

STUDY MODE
Face-to-face

WORKLOAD
1 day per week

YEAR LEVEL
10, 11 and 12

QCE CREDITS
Up to 4 credits

The world of manufacturing is changing and the need for multi-skilled engineers and manufacturing technicians is increasing rapidly.

If you're in Years 10, 11 or 12, gain the skills to be apprenticeship and job-ready for a career in design technologies sector.

*No cost to student or school. Subsidised by the Queensland Government under the VET in Schools Program (VETIS). For eligibility go to www.training.qld.gov.au/providers/funded/vetis.

Delivery modes

Delivery modes vary between locations. For more information please refer to the course brochure on our website.

- ⓑ **Block training:** Training is delivered in study blocks from three days to six weeks at our training facilities.
- Ⓞ **Day release:** Training is scheduled one day a week at our training facility.
- ⓄⓄ **Drop in day:** Students can drop in to campus to train with a teacher. Please contact us to enquire about available days.
- Ⓞ **Online:** May include access to online elements such as learning materials as well as practical training, and for some courses, training may be via video or web conferencing programs.
- Ⓜ **Workplace:** Students are trained and assessed by our workplace training officers in their own workplace.
